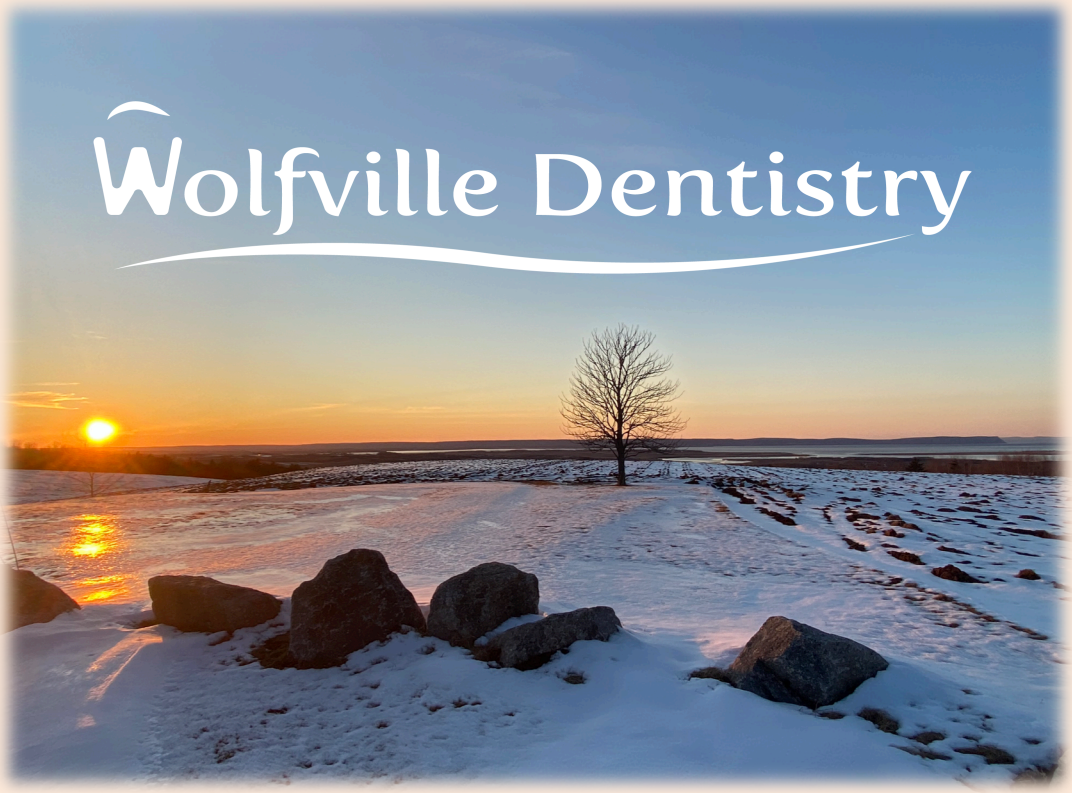
Looking to join a great team ?



We are a general family practice in the beautiful town of Wolfville in the Annapolis Valley. Only one hour west of Halifax, Wolfville is home to Acadia University and boasts beautiful farm markets, lush wineries, unique boutique shops, and award-winning restaurants.

Our practice is currently a single dentist practice with a long term staff of 2 Dental Hygienists, 2 Dental Assistants and a Customer Care Manager. We are a close-knit team who strive to offer our patients a unique and thoughtful dental experience.

At Wolfville Dentistry, we believe that all good relationships start and stop with good communication and therefore we nurture this as a team and with our patients. We take time with our patient family and have no interest in being an "assembly line" dental team! We take pride in our values, and strive to put our patients and team as top priority in everything we do!

We are looking to expand our team to include a third, full time RDH (4 days a week). Benefits include competitive wages, CE & uniform allowance, parking, vacation and sick benefits. To learn more about our practice, visit www.wolfvilledentists.ca or for more information about this opportunity, email us at drhennessy@ns.aliantzinc.ca.
